Perfect Projects, Sensational Savings & Referral Rewards

Complete bath & kitchen makeovers are now
easier and more affordable than you think!

As a homeowner you know first hand, second to your mortgage, the expense of home upkeep is the greatest challenge and the main reason your list of 'gotta do's' never gets done. You can try to go the "do it yourself" route – or spend all your time looking for a reliable contractor. Then the real problem begins... sound familiar?

The Home Improvement Club is the answer to maintaining your home affordably and stress free. Imagine that as a member, anytime you need to repair, maintain or upgrade any part of your home you simply make one phone call to your *personal agent advocate* who takes care of the rest. Handling phone calls, obtaining estimates from the most qualified licensed contractors and service companies, even negotiating the best price on your behalf.

Your agent then arranges a time, at *your* convenience, for the work to begin. Your agent manages the job for you, ensuring quality of work and a timely completion, all within budget. And the best part is, you will never be in the vulnerable position of paying money up front and hoping it's secure.

You have the added confidence of knowing that your warranty goes far beyond what is typically offered or extended. Why? Because you have the leverage of thousands of fellow member homeowners.

From plumbers, electricians, and air conditioning contractors to pool repair, landscapers, carpet cleaners and more.

We Exceed Customer Expectations

Instead of conflict or buyer's remorse, you feel the peace of mind that comes with knowing that you've found a company that not only delivers everything as promised, it exceeds your expectations in integrity and quality.

The quality of the work is always assured because you and your agent advocate will not agree to pay until all service or repairs are completed.

Floor tile, walls, countertops and backsplash tiling.

There's no haggling over price or scheduling delays, and long after the job is done if there's a re-do necessary, all that's required is a friendly call to your agent and the service company returns and corrects the matter – period. Does this sound like a club you would like to join?

You save money, often a great deal of money, because your assigned agent has a clear understanding of costs incurred by the company doing the job.

Saving money doesn't end with services alone. As a club member you also receive discounts on everything from kitchen and bath fixtures to household appliances.

It Gets Even Better! How many times have you recommended a great restaurant or movie, or even a home service to someone? Chances are you have, and you haven't even been thanked by the establishment. As a member of 'The Home Improvement Club' we say 'thank you' in a different way – referral rewards.

We have a different
way of saying thank you...
"Referral Rewards"

If you refer anyone; family, friend or neighbor, because you want them to save money, receive assured quality service, and the finest warranty; and they choose to become a member, then every time they use a service you are rewarded. Imagine recarpeting or repainting your home at no cost! The Home Improvement Club makes it possible. That's how we say thank you.
